EARLY CHILDHOOD EDUCATION AND CARE

Early Childhood Educators assist in caring for the social, emotional, physical and educational needs of infants and young children in various care settings. Early Childhood Educators can have a profound influence on a child's wellbeing and development especially in the years of 0-5.

Qualifications in Early Childhood Education and Care focus on the core skills, knowledge and experience required to effectively assess the strengths and interests of children designing meaningful experiences that facilitate the child's growth and development.
