# LIVE in AUSTRALIA

Australia is a young and vibrant country – and we engage with the world with positivity, determination and a keen sense of what’s possible. It’s a resolute spirit that goes right through to our approach to teaching and learning – to inspire confidence, create real-world skills, and encourage independent thinking, teamwork and leadership.

## COST OF LIVING

---

The Australian Government estimates that the average living costs for an international student is at least A\$29,710. This pays for food, accommodation, telephone, gas, electricity, transport and entertainment. Your living costs could be higher or lower than this, depending on where you study and your lifestyle. For example, Sydney is generally more expensive than other cities in Australia.

## SCHOOL AGED DEPENDENTS

---

If you have school-aged dependents (i.e. unmarried children between 5 and 18 years old) accompanying you to Australia for more than three months you are required to ensure that adequate arrangements have been made for their schooling. Your dependents will be charged the full school fee if they are enrolled in either a government or non-government school.

## WORK

---

As an international student you are permitted to work up to 48 hours per fortnight during academic terms and full time during holidays, provided that work does not interfere with your studies. You should ensure you are financially independent before coming to Australia.

## ACCOMMODATION

---

**Homestay** is when you live with an Australian family in their home. The homestay family provides you with meals, laundry facilities and your own room with a study desk. You are usually asked to share some household chores. Homestay also gives you the chance to practise your English at home every day. This service can be arranged with your enrolment.

## OTHER ACCOMMODATION

**Hostels** provide a friendly, safe, supervised environment. You get your own room or a shared room. Dining room, games room and television room are communal. Many hostels also provide meals.

**Shared Accommodation** gives you more freedom. You can share a room, house or apartment depending on your budget. Usually you'll need to supply your own furniture. You also have to supply your own towels, pillows, sheets and blankets.

**Studio apartments** or one-bedroom apartments are smaller and less expensive to rent than larger apartments, but it is a good option if you are more independent and need your own private space.

## ESOS FRAMEWORK

---

Australia's laws promote quality education and consumer protection for overseas students. These laws are known as the ESOS Framework and they include the Education Services for Overseas Students (ESOS) Act 2000 and the National Code.

For more information about the ESOS Framework go to <https://www.education.gov.au/esos-framework/esos-legislative-framework>

## HEALTH

---

Overseas Student Health Cover (OSHC) is compulsory for international students studying in Australia.

### What does OSHC provide?

- > It covers international students for certain medical costs (e.g. doctor's visits or admission to hospital).
- > Extra cover is available for an additional fee.
- > Serious medical problems should be treated before you come to Australia, since standard OSHC generally does not cover pre-existing medical conditions.

It is wise to read the OSHC policy with care to see if additional cover is needed.
