PROJECT MANAGEMENT

In today's world, businesses are run with projects and most organisations have employees working in various projects. Regardless of whether an individual wants to build a career in marketing, accounting, management, IT or any other field, they will have to embrace several projects in their career.

The Project Management and Program Management qualifications are sought after qualifications in the 21st century that students who have completed these qualifications will have a competitive edge over other candidates. Students who complete these courses will develop skills and knowledge to lead the development, implementation and evaluation of a project from start to finish.

WE MAKE IT POSSIBLE

COURSE INFORMATION

Our Project and Program Management courses have been developed according to the requirements of the Business Services Training Package (BSB) and have been approved for delivery by the Australian Skills Quality Authority (ASQA). They are nationally recognised qualifications within the Australian Qualifications Framework (AQF).

STUDY PATH

Training is delivered in stages which correspond to AQF Levels V and VI. The preferred pathway for a qualification is for students to complete the requirements of the previous level qualification before progressing to the next level – thereby achieving more than one qualification.

Applicants without the previous level qualification will be considered if they have relevant qualification and/or relevant work experience.

We aim to equip our graduates with the necessary skills and knowledge to enable them to successfully satisfy the demands of the workplace.

COURSE DELIVERY & ASSESSMENT METHODS

Delivery and assessment strategies are selected to reflect the nature of the elements and performance criteria of the competency together with the needs and learning style of the participants. Qualifications are delivered over 20 hours per week, 16 hours face-to-face and 4 hours online learning.

Assessment methodology may include but is not limited to observation, project/report, case study, role play, exercises, activities, and written/oral tasks including multiple choice, question and answer, essays, true/false and presentations.

ENTRY REQUIREMENTS

Year 11 or equivalent certificate of senior secondary education.

Recommended English Level: IELTS 6.0 (with no individual band less than 5.5) or equivalent (If the level of English is insufficient, a suitable course can be organised).
